SOLUTIONS

Reliability Through Intelligence

TriboTech Oil Engine Testing Kit

Precision engineering to protect your most critical assets

Designed for:
Marine - Automotive - Heavy Duty Truck - Gas and Diesel Engines

Tests Included

Physical Properties

- Viscosity @ 100°C
- Viscosity Index

Degradation & Oil Condition

- Oxidation
- Nitration
- TBN (Total Base Number)

Contamination Indicators

- Water
- Glycol
- Fuel Dilution
- Soot

Wear Metals

- Iron, Chromium, Aluminum, Copper, Lead, Tin, Vanadium

Contaminant Metals

- Silicon, Sodium, Potassium

Multi-Source Metals

- Titanium, Molybdenum, Nickel, Manganese, Boron

Additive Elements

- Magnesium, Calcium, Barium, Phosphorus, Zinc
